Statutes

*Note: Observe how citing the same item in multiple styles generates multiple entries in the Table of Statutes. In practice, any item would only ever be cited consistently under one style.

[9] Text text text. These two items (=two unique strings) are not being sent to the Table of Cases.

Index Style File

[14] To prevent spurious spaces appearing in the ToC after [for long citations because the default line length in the index file is 72 characters followed by a newline beginning with two tabs, set `line_max` in the index style file (.ist) to a larger number.

```
delim_0 "\\space\\dotfill\\space ["
delim_1 "\\space\\dotfill\\space ["
delim_2 "\\space\\dotfill\\space ["
delim_n "], ["
delim_r "--"
delim_t "]"

line_max 172
```
